

How to Make Anduril from Lord of the Rings (Aragorn's Sword) Template

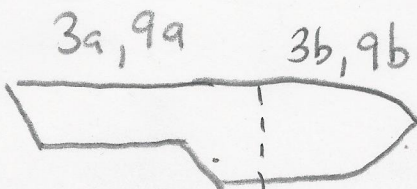

Cut out the template pieces and tape them together like this
 Solid lines are cuts - dashed lines are where you tape together

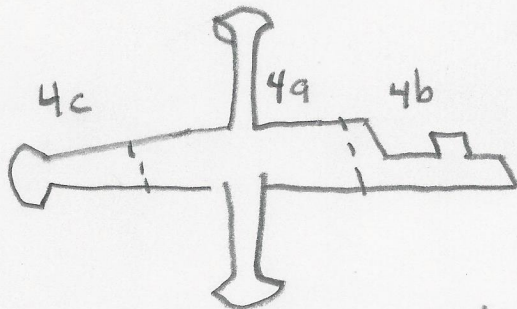

← you only have one set of these in the template, but you will trace it twice onto form board to make parts 1 and 7.

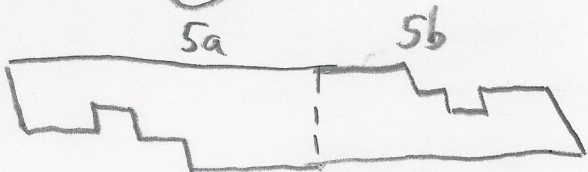

tape together and make two of them out of form board, they are parts 2 and 8.

tape together and make two of these they are parts 3 and 9.

tape together. these parts become Part 4.

tape together, these parts become part 5..

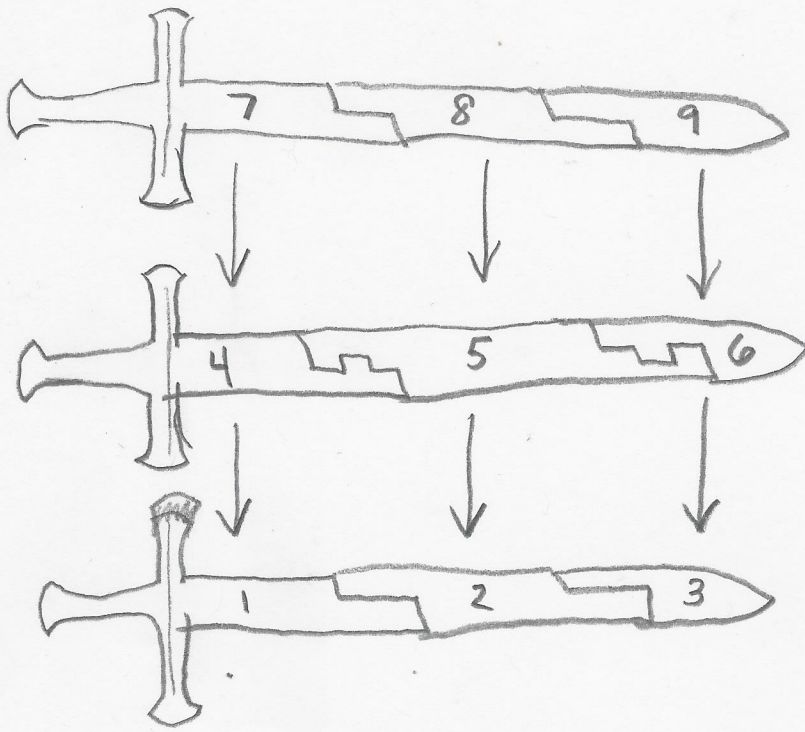

tape together and trace 2 onto form board these parts become 10 and 11

Part 6 is ok. cut out and trace one onto form board

How to glue them together

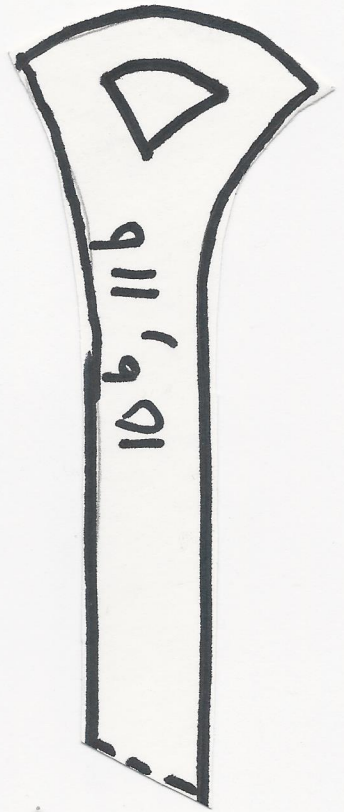

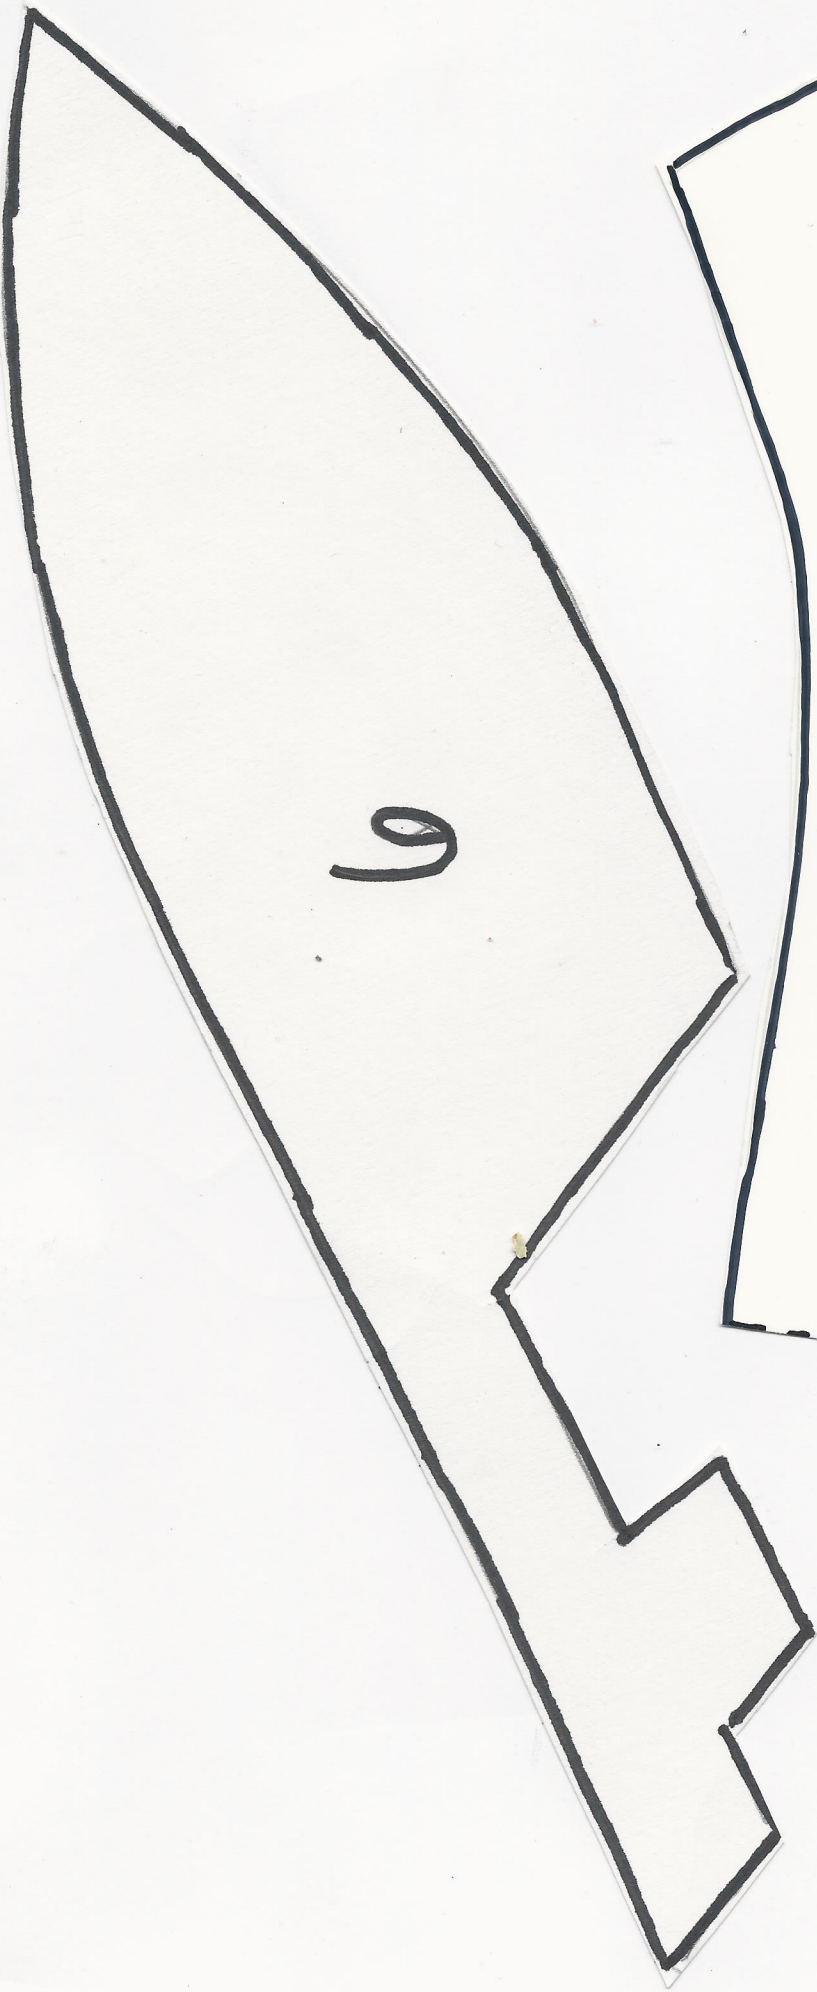

1, 4 and 7 glue together
2, 5 and 8 glue together
3, 6 and 9 glue together
